

Men Having Babies Providers' Interview Guide

Top questions to ask your providers during your consults

Clinics

- What is your staff size / how many years in business?
- What is the timeline for a cycle?
- What is your specific level of experience with Third Party Reproduction (ED's and GC's) and particularly with gay dads?
- What are your success rates? (Reference: SART, CDC, MHB)
- Do you have your own in-house egg donor program? How many currently available egg donors do you offer? Does your donor pool contain frozen eggs?
- What testing do you perform in house? What labs do you use for testing you don't perform?
- Do you have an in-house genetic counselor? Or an in-house psychologist or counselor?
- What are all the medical fees and what do they include?
- What are the specific costs of "extras" like diagnostic tests and medications?
- Does your clinic provide discounts through MHB/GPAP?
- Can donor and surrogate monitoring be performed remotely or only locally in your clinic?
